Activity Guidelines

- The format of the report should be as described below.
- Copied reports will be cancelled right away and the student will have to face the consequences.
- Pictorial evidences of each activity are required. All the evidences along with the CSP report are to be mailed to CSP Coordinator.
- Individual reports are required and group reports will not be accepted. Each student must write his/her own experience of community support program in individual report. Reports must not be copied. Report must contain name, enrollment number, class, section and department.
- Please note that each student has to perform the activities assigned by the coordinator and all activities are mandatory. The number of hours will remain the same even if one activity is performed twice. i.e. Doing clothes donation twice will not result in 10 hrs (Except Iftar Drives). Therefore, all the activities must be performed in order to get 40 hrs. However, if anyone willingly wants to increase the quantity of items or length of activity, regardless of the hours, they are free to do so.

Conclusion:

Participating in the Community Support Program has been a truly enriching and humbling experience. Through activities like the Eidy Bag Donation, I witnessed how small acts of kindness can bring immense joy to underprivileged children. The Anti-Littering Drives at Madina Park taught me the importance of environmental responsibility and the power of collective action in creating cleaner spaces for our community.

The School Teaching Activity was particularly rewarding as I got to interact with young students and contribute to their learning. Seeing their enthusiasm reminded me of the impact that guidance and mentorship can have on shaping future generations. The Goodie Bag Distribution and Plantation Drive further reinforced that community service is about creating sustainable change and spreading hope.

These 40 hours have instilled in me a deeper sense of civic duty and empathy. I've learned that every individual can make a meaningful difference, no matter how small the contribution. This experience has shaped my character and strengthened my commitment to being an active member of society. I look forward to continuing community service beyond this academic requirement, as giving back to the community is both a responsibility and a privilege.
